Great Progress OF THE Fisher's Pianos

From a small beginning the Fisher Piano has grown to be not only one of the best known pianos made, but its sale has reached a point where it is nearly double that of any piano manufactured in this or any other country. All this has been accomplished, practically speaking, within the past ten years. Not only this, but it has received the highest testimonials from many of the greatest vocalists and pianists that the world has ever produced. It is in daily use in leading schools and colleges everywhere, and has received highest rewards wherever publicly exhibited.—Chicago Indicator.

We sell the Fisher Pianos, also Decker Bros. and Weber Pianos, Story & Clark and Chicago Cottage Organs, and several other fine makes.

Appointments by Board of Education.

RESIGNATION OF TOWNSEND
Inspector General of Schools Becomes Principal of Beretania School—Other Matters.

Inspector General of Schools H. S. Townsend has resigned his position and will hereafter be the principal of the Beretania Street (Kaahumanu) school. Mr. Townsend's resignation was presented at Saturday's meeting of the Board of Education and it was accepted to take effect on the first of September. He was immediately appointed to the position of the Beretania Street school and will begin his studies there as soon as the school year opens in the fall. T. H. Gibson, who has heretofore acted as normal instructor, will occupy Mr. Townsend's former position.

The meeting of the board was devoted almost entirely to the matters brought up by the report of the committee on teachers and schools work and a large number of appointments were made on the staff of teachers for next year.

Charles Baldwin and S. Kellinor were appointed normal instructors for the Maui and Hawaii circuits their salaries being fixed at \$250 per month, out of which they must pay their own traveling expenses.

The crowded condition of the Hanapepe school on Kauai was again brought before the board, and it was decided as the board could not at the present time enlarge the facilities of the school that the agent at Hanapepe should be authorized to hire the Hanapepe church to furnish accommodations for the children.

The Royal school was ordered to be torn down at once, and Secretary Rodgers was authorized to advertise for bids for that purpose and to make the best disposition possible of the debris.

Following is a list of the teachers appointed:

Papaikou—Seraphim Simao (Graduate of Normal School).
Hilo Union—Miss Mary Deyo (Place of Mrs. Kelsey, resigned), Miss Ethel Wolfe.

LARGE FEES FOR EXPERTS

Judge Humphreys Makes a New Ruling Saturday.

Judge Humphreys believes that expert witnesses are deserving of higher fees than the ordinary witness who has not gone to any extra expense or study to obtain the knowledge which makes him valuable as such.

On Saturday in hearing a motion to cancel deeds in the case of Kalikie, non compos mentis vs. John Hapa and Kapoli, the ruling was made. One of the witnesses is Dr. H. C. Sloggett, and in deciding on the matter of his fees Judge Humphreys announced the opinion concerning the monetary value of expert testimony. He said that when an individual spent years of his life in specializing on some subject so as to make him competent to appear on the stand as an expert, his services were of more value than those of the ordinary witness. Consequently he decided that such witnesses should receive higher fees. The decision is far reaching in its effect and rather upsets all precedents in Hawaii as well as elsewhere.

ROSA WAS REMISS.

He Violated His Obligations as Executor.

The late Antonio Rosa was very remiss in his duties as the executor of the estate of Antonio Rodriguez, Judge Humphreys decided on Saturday, and he will stand charged with the balance due the estate, the interest and commissions, etc. Judge Humphreys rendered a verbal decision in the case, in

the course of which he said that Rosa had violated the obligations cast upon him, and had utterly failed in the duties of his trust. "The court," he said, "cannot be expected to indulge any presumption in his favor."

Cattle Went Astray.

Some time ago M. Bernado of Kailua was awarded damages in small amounts against M. R. Castanha, Kamaolu and Crispino la Camara whose cattle had grazed upon his lands. All of the cases have been appealed to the Circuit Court and will be fought to a finish.

The Plague Sermonized.

The following clipping from the "Signs of the Times," Oakland, California, explains itself:

The Honolulu Commercial Advertiser of April 20 tells us that the islands are officially declared to be free from the plague. There had been no case during the month of April. There is great rejoicing in the islands. Yet there is a greater plague than this upon all the world, namely, sin. The bubonic plague means probable temporal death. Sin means eternal death. But, praise God, there is One who can free the world from sin's curse and He is Jesus Christ. Every one may know the greater freedom if he will but apply the remedy.

BEATEN AGAIN
Cricketing Benedicts Suffer Defeat.

Bachelors Wallop Golden Ringers After a Keenly Contested Game At Makiki.

The ancient and honorable game of cricket has again entered upon another of its spasmodic leases of life in Honolulu. There is a strong possibility that at least three matches will be played during the present spasm of enthusiasm, though the timely arrival of an English warship would have the effect of lengthening the life of the present outburst considerably.

The game at Makiki on Saturday afternoon was between teams of married and single cricketers. In a previous match between these two sides the single men won by the comfortable margin of thirty-five runs. On this occasion however they were considerably weakened by the unavoidable absence of "Bob" Anderson who practically pulled the first match out of the fire. Otherwise the teams that played on Saturday were much the same as before.

The game resulted in a win for the unwedded by the close shave of six runs and was unusually exciting, the issue being in doubt until the very end.

The Singles batted first and were disposed of for the insignificant total of 53. Of these Bottomley contributed a stylishly played 19. The remainder of the side with the exception of Sinclair, who was responsible for 9, did nothing at all. The bowling of Harvey and Hatfield was the cause of the undoing, and both men's averages were highly creditable, considering the length of time that has elapsed since the last practice.

A feature of the innings was a superb catch at point by Thomas, which disposed of Bottomley. The ball came fast and high and was taken with one hand, by as fine a piece of fielding as has been witnessed on the local field.

Thanks to the bowling of Cockburn and Anderson and the smart fielding of the other side, the batting essay of the married contingent only realized 47 runs. Of these Pinaia contributed 14 and Harvey 13. Waldron and Baird made a useful stand at the last wicket but the rally came too late to win the match. Ross and Woods particularly distinguished themselves in the leather-hunting department, and each disposed of two men by catches.

A notable feature of the game was the presence of several new men who promise to prove valuable acquisitions to local cricket.
